IN RECOGNITION

STRATHAM BOY SCOUT TROOP #185

Night after night of hearing on the news about youth killings and gang violence, it is refreshing to hear about the good kids and their contributions to their communities. Stratham has a group of those kids in the Boy Scout program. There are about 21 boys who are active in Scouting. The rank of Eagle Scout is the top award that can be achieved in Scouting which is difficult to attain. In the last two years, we have had 7 young men become Eagle Scouts. This is a testament not only to them but of their parents, scout leaders, and to the community.

One of the requirements of the rank of Eagle is a community service project which not only provides for planning and coordinating of volunteers and materials, but also accomplishes a lasting and meaningful contribution to the community. On the adjoining page, you will see some of the finished projects that these scouts have accomplished. They include the clean-up and landscaping of two cul-de-sacs by Cyrus Dimock; the building of a playground at the Park by Mark Hamel; clean-up and landscaping at the mill pond by Dan Dolan; construction and placement of a welcome to Stratham sign near Shaw's by Jeremy Kube; and completion of the Barbara Senko Reading Garden behind the Wiggin Memorial Library by Ross Phillips. A foot bridge will be rebuilt at the Town Forest by Scott Hamel and David Dolan is planning a clean-up, repair, and repainting of the firehouse in the Spring. These are some of the more recent projects. Other projects completed within the last two years have included a clean-up of the Town landing at the end of River Road by Tim O'Keefe and rebuilding of the ice skating area at the Park by Greg Young.

We would like to take this opportunity to recognize these young men for their efforts and to thank them for their contributions towards making their community a better place to live. There are a lot of good kids out there and we happen to have more than our share. So, let us all take pride in the fact that our community is a better place because of their efforts.

IN REMEMBRANCE

James F. Hayden

We were saddened in July by the sudden passing of Jim Hayden, our Code Enforcement Officer. Jim was hired in the Spring of 1993 to start this new position in Stratham. In the short time he was with us in this capacity, he made a significant contribution to our enforcement policies and methods. Jim was a very active citizen in his home town of Newfields, but we felt like he was one of our own. His Yankee manner and good humor will be sorely missed at the Town Office. Although he served as Code Enforcement Officer for a brief period, he also served the Town of Stratham for many years as lot inspector, soil scientist, and trusted advisor in land use and other town government related matters. His accomplishments will be with us and many others in the region and beyond.

We take this opportunity to remember and reflect on Jim's effect and influence he had on us all, now and into the future.

THANK YOU

Ralph S. Walker

Being a leader of a volunteer organization which has many responsibilities is a very hard job. Stan Walker, Fire Chief of the Stratham Volunteer Fire Department, had that kind of job and did it well. Balancing the need for professionalism and training with the volunteer aspects of the department, at times, took some doing, but Stan in his low key and easy manner could keep all these aspects in perspective. We are proud to say that we have a very well trained and equipped department. It is also one of the largest in the state. Stan has been a key player in making the Stratham Volunteer Fire Department a well respected and dedicated organization in the Seacoast and the State.

In January, Stan handed over the chief's helmet to Assistant Chief Bob Cushman. We wish to thank Stan for his dedication, hard work and untold number of hours of time over the past 15 years. His policies and methods will continue for many years to come. Stan is not leaving and we expect to see him around the fire station as well at calls.

Once again, thank you Stan!

SELECTMEN'S REPORT

It has been another busy year in the Selectmen's office. After Town Meeting, when we welcomed John Sapienza to the Board, we started the long and involved reassessment process. We hired Avitar Associates of Chichester, NH to do the complete reassessment. This involved a sales analysis and an extensive update of the housing inventory of the Town. The total net value of all buildings and land went from $316,319,530 to $366,765,168. The new computerized system is now set up to upgrade the values each year to keep at or close to market value.

In mid summer, we lost our Code Enforcement Officer and good friend, Jim Hayden, due to his sudden death. Jim had been with us for over a year in the CEO position. His knowledge and insight created a comprehensive enforcement policy which was well received. His easy going manner and common sense will be missed at the Town Office. Terry Barnes was hired to take over the CEO duties shortly after Jim's death. With Jim's procedures and Terry's knowledge of the workings of the Town, he was able to step right into and continue the duties of the CEO with minimal interruptions.

Another area of concern which has taken up much on our time is the handling of our solid waste. Our current disposal option with the Lamprey Cooperative ends in November of 1995. After fifteen years of successful operation, the Cooperation will be closing the incinerator at the University. The executive board of the Cooperative has been exploring many options for the hauling and disposal of the solid waste. Their final plan calls for the construction of a transfer station and hauling the consolidated rubbish to another institution. This plan did not include a recycling option. The Town of Stratham's successful volunteer recycling program and the many requests for curbside recycling made us look at other options. Newmarket, who also belongs to the Cooperative, had the same concerns as we did. They were approached by Gobin Disposal Systems who proposed a one truck system to collect both rubbish and recyclables at a considerable savings. Because Gobin Disposal Systems had excess capacity, they made a proposal to us for the same program. After some negotiations, we sign a contract with them which fulfilled may of our needs at a savings to the taxpayer. The new program started in February 1995. To encourage recycling, some towns have gone to a pay-per-bag method of rubbish collection. Because we will be paying less (about 20%) to process the recyclables versus the cost of rubbish disposal, we hope this incentive will promote recycling and continue to allow us to provide these services through taxes. If we get about a 20% reduction in rubbish because of recycling, we expect to save about $30,000 each year of the contract. So if you are not now recycling, we hope you will reconsider. It is easy and it would save both some tax dollars and natural resources.

Another aspect of solid waste concerns involves the old landfill now the Transfer Station on Union Road. As you know, we asked for and were given about $21,000.00 last year at Town Meeting to close the landfill. Because of some misunderstandings and the fact that the NH Department of Environmental Services has changed the requirements of the closure, we are asking for an additional $90,000.00 this year to finish the State approved closure plan. We also will not be able to burn brush and clean wood after July at the Transfer Station. The two possible alternatives to burning is transporting the brush to an approved landfill at considerable expense, or chipping the brush for landscaping uses. In the CIP, we are asking for a chipper and we will make the chips available to the towns people at the Transfer Station. This method seems to be the most economical.

The Planning Board has received a Coastal Zone Grant to upgrade and revise the Master Plan. The Plan was last updated in 1989 and a committee has been appointed to look at the Plan. The committee, with the help of the Rockingham Planning Commission, will recommend changes to the Planning Board. This process should be completed by the late fall of 1995.

The Highway Department continues to operate with four full-time employees while they continue to maintain our excellent, we believe, road system. Because of the changes at the Transfer Station and increases in our lawn mowing requirements, we are hoping to put on a new person in the summer to help in these areas. We are also asking for a new snowplowing truck in our CIP this year. The truck we wish to replace is 10 years old and has moved a lot of snow over the years, but is now starting to cost us considerable dollars in upkeep. With our road system expanding with new development, our need for a dependable truck increases. We hope you will support our requests.

Last year, the Police Department leased three new cars at a considerable savings in cost both in maintenance and down time. The program has worked quite well. They also have video cameras in the patrol cars to document their activities for court and conduct. After some problems with the cameras, they are now working well and the Department is quite pleased with their performance. A part-time prosecutor was hired to do the court work for the Department. We are sharing her services with Exeter and we are having a very high conviction percentage. This also frees up our patrolmen to be out providing the police protection for which they were trained rather than spending many hours in the court room.

The Town Office is asking for about $20,000.00 to computerize the car registration process. This system will send out a printout of the registrations that need to be renewed each month with a bill included. This will enable the car owner to do his or her registration by mail, thus saving the trip to the office. This change should help those who work out of town and must take time off now to register their vehicle.

In January, our long time Fire Chief resigned because of increased job involvement. Stan Walker has worked tirelessly to make the Stratham Volunteer Fire Department one of the best trained and equipped in the State. We all can be proud of the men and women both in the Fire Department and Rescue Squad for their fine work and dedication they have shown under Stan's able leadership. First Assistant Chief Bob Cushman has been appointed to take over for Stan until the March elections. We are sure Bob will continue Stan's excellent leadership. Stan has also served as our Building Inspector and he has asked not to be reappointed in April. Here again, Stan has done an excellent job protecting both the town and homeowner from possible problems in the construction of new homes and renovations. He will be hard to replace. We will miss him and we wish him well.

During, the fall we had an international company move into our Industrial Park. Timberland Boots and Sports Wear has made Stratham their corporate headquarters. We welcome them to our Town and wish them well and a long and successful relationship with the Town.

As you can see, we have been busy and we look forward to another productive and successful year. Any questions or concerns are more than welcome. Feel free to call the office and we will try to address the situation as soon and as best we can.

Thank you for your support. We are your Board of Selectmen.

Martin Wool
William Petroski
John Sapienza

Please help us help you - RECYCLE!

Your Town Employees ready to serve you!

MINUTES OF TOWN MEETING

MARCH 8, 1994

The Ballot clerks were sworn in at 8:45 a.m. by the town Clerk were Maurice Alexander, Elaine Alexander, Stella Scamman, Annette Carter and Barbara Mann. Number of School Ballots was 1891. Number of Town Ballots 1890. Moderator Woods opened the meeting with the reading of the warrant at 8:57 a.m. after having the ballot clerks inspect the ballot boxes. James Scamman and Christopher Rowe were sworn in at 1 p.m. to serve as relief ballot clerks.

James Scamman, Christopher Rowe, Kenneth Lanzillo, Edward Gronbeck, Sandra Rowe, Kevin Rowe, Gordon Barker, Paul Deschaine, Deborah Woods, Timothy Mason, Michael Daley, Kathryn Bickford, Paul Anthony, Irving Tober and Jerry Howard along with the three Selectmen were sworn in as assistant moderators for the purpose of counting ballots at 8:05 p.m.

The following are the results of the balloting. An * denotes the candidate elected.

Selectmen for Three Years:	William H. Antonini, Jr.	19
	William E. Day	229
	Filiberto Real	239
	John J. Sapienza	441 *
Trustee of the Trust Funds:	Victor M. Collinino	779 *
Trustee of the Library: (vote for 2)		
	William F. Clapp	317
	Ellinor L. Moulton	607 *
	Walter P. Ruffner	382 *
Cemetery committee for 3 yr:	Kenneth F. Lanzillo	868 *
Supervisor of Check List,6 yr:	Barbara K. Palm	857 *
Moderator for 2 yr:	Stephen J. C. Woods	817 *

Article 2.	Yes 823 *	No 112
Article 3.	Yes 844	No 69
Article 4.	Yes 801	No 126
Article 5.	Yes 769	No 131
Article 6.	Yes 768	No 137
Article 7.	Yes 765	No 140
Article 8.	Yes 799	No 112
Article 9.	Yes 755	No 140

Article 10.	Yes 688	No 215
Article 11.	Yes 690	No 196
Article 12.	Yes 739	No 143

Minutes of the March 11, 1994 Town Meeting.

Continuation of the March 8, 1994 Town Meeting. The Moderator opened the meeting at 7:30 p.m. Kenneth Lanzillo offered the invocation. Velda Ruffner led the salute to the Flag. Moderator Woods then read the remembrances for several deceased former community leaders and recognition and thanks for several persons who had served in different capacities but had retired during the year 1993 from the Town Report. The meeting then commenced.

ARTICLE 13. BUDGET - $1,893,697.00

A motion was made by Martin Wool to accept the budget as read. Seconded by William Petroski. Mr. Wool, with the aid of the overheads, explained the budget item by item. Mr. Perry Frances questioned why the cruisers were not in the budget as discussed in last years minutes. Mr. Wool explained that this question would be in a special article because it is the first time we have attempted to lease vehicles, and by having the question in an article it would give the public a chance to discuss it. Gordon Barker was concerned that the overheads were not readable. Vote on the article at $1,893,697.00 in the affirmative

ARTICLE 14. CIP

A motion was made by Graeme Mann and seconded by Martin Wool to accept as read. Graeme explained the requests in the CIP. No discussion followed. Vote in the affirmative.

ARTICLE 15. Dugouts and Utility Shed at Park.

William Petroski moved the motion and Graeme Mann seconded. Mr. Petroski explained that several years ago the town's people voted that no one could erect any building or add to any building unless the request came before the town meeting for a vote and that is why this article is on this years warrant. Timothy Mason questioned if cars would be parking on Jack Rabbit lane as well as in the parking lot. Vote in the affirmative.

ARTICLE 16. Leasing Cruisers.

Motion was moved by Martin Wool and seconded by William Petroski. Mr. Wool explained the leasing process and also that the $16,930.00 is probably very close to the purchase price of just one cruiser and at the end of the three year lease we can buy it for $1.00. Mr Arthur Nevins asked for comparison as to what we are doing now. Margery Muller asked what kind of cars. Mr. Wool told her that they would be Ford Vehicles the same as we now have. Craig Wainwright inquired as what we would do with the present cars and Mr. Wool explained they would be sold at the Sate Auction. Vote in the Affirmative.

ARTICLE 17. Aids Response of the Seacoast (ARS)

Motion was moved by Graeme Mann and seconded by Martin Wool. Mr. Mann explained that the reason why the Board had not recommended the article was because of the amount of money the organization had asked for in the first year. Suzanne Wade urged the meeting to support the group. Paul Anthony asked if anyone knew how many Stratham people were receiving benefits from this group. No one did. Ms. Wade explained that care is given to victim at home and that the agency reaches people in Rockingham and Strafford Counties. Peter Darling asked how much the other health agencies are receiving and Moderator Woods read the list. Walter Ruffner offered the following amendment: To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars (500.00) to support the Aids Response of the Seacoast (ARS), a non-profit corporation. John Sapienza seconded the motion. Yes 109 and NO 66. The amendment passed. Michael Sullivan offered the following amendment: I move that all money appropriated under this article be put at the discretion of the Selectmen until such time that the organization in question make a presentation acceptable to the Selectmen. Seconded by Nels Tyring. Vote in the affirmative. Affirmative vote on amended article.

ARTICLE 18. Town Forest

Motion was moved by William Petroski and seconded by Graeme Mann. Larry Morse, a member of the Conservation Commission made the presentation. Elizabeth Gobin asked if the land would be posted because of its proximity to the school. Mr. Morse was not sure but said the Commission would take it under advisement. Michael Maskwa asked if this land abutted the school district property where the athletic fields are. He was told no. Nicholas Voulanges asked if it would be turned over the Conservation Professionals, and wished to insert perpetuity. Mr. Mann explained that one Town Meeting cannot dictate to another Town Meeting. Gordon Bailey added that this is changing control from Selectmen to Conservation Commission. Vote in the affirmative.

ARTICLE 19. Revaluation

Motion moved by Graeme Mann and seconded by William Petroski. Mr. Mann explained that it would generate a more equal valuation of properties. Larry Kinsberg asked if it would be done on a market value versus a square footage evaluation. Mr. Wool explained it would be a combined system. He also stated that it is a good time to do it because the market is neither real high or real low. Gary Dolan asked if the $110,000.00 included the hardware and software for the computer. He was assured it did. Vote in the affirmative.

ARTICLE 20. Hersey Lane

Motion made by Martin Wool and seconded by Graeme Mann. The Clark's have already been to the Planning Board and had the land exchange approved pending approval of Town Meeting. Mrs. Clark explained that part of this is her driveway. Vote in the affirmative.

ARTICLE 21 S.V.F.D

Motion made by William Petroski and seconded by Martin Wool. Mr. Petroski explained the State has asked for this to divide private and municipal fire departments. Vote in the affirmative.

ARTICLE 22 Government monies

Motion moved by Martin Wool and seconded by Graeme Mann. No Discussion. Vote in the affirmative.

ARTICLE 23 Board of Selectmen to accept property.

Martin Wool moved the motion and Graeme Mann seconded. No Discussion. Vote in the affirmative.

ARTICLE 24 Library Trustees to receive monies.

Motion made by Martin Wool and seconded by Graeme Mann. No discussion. Vote in the affirmative.

ARTICLE 25 Town to receive deeded properties.

Motion made by Graeme Mann and seconded by William Petroski. No discussion. Vote in the affirmative.

ARTICLE 26 Selectmen to accept streets

Motion made by Martin Wool and seconded by Graeme Mann. No discussion. Vote in the affirmative.

ARTICLE 27 1% Discount on taxes

Motion moved by William Petroski and seconded by Martin Wool. Mr. Rochette questioned 1% and 12% on bill and was referred to the Tax Collector. Vote in the affirmative.

ARTICLE 28 TAN'S

Motion made by Graeme Mann and seconded by William Petroski. No discussion. Vote in the affirmative.

ARTICLE 29 Any other business.

Martin Wool thanked Graeme Mann for the six years he has served as selectmen and wished him well in his second retirement. Graeme thanked everyone and urged people to continue to volunteer.

Meeting adjourned at 10:08 p.m.

Respectfully submitted,

Joyce A. Rowe
Town Clerk-Tax Collector

The following newly elected officials were sworn in by the Town Clerk: Kenneth F. Lanzillo, Cemetery Committee, John Sapienza, Selectman, Walter Ruffner, Trustee of the Library, at 10:20 P.M. Victor Collinino was sworn in on March 18, 1994 at the Town Office as a trustee of the Trust Funds.

STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 9 A.M. TO 8 P.M.

To the inhabitants of the Town of Stratham in the County of Rockingham in said State, qualified to vote in Town Affairs:

Your are hereby notified to meet at the Stratham Municipal Center on Tuesday, in the fourteenth day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

ARTICLE 1: To choose all necessary Town Officers for the year ensuing.

ARTICLE 2: REZONING OFFICE/RESEARCH PARK TO GENERAL COMMERCIAL DISTRICT

Are you in favor of the adoption of the Amendment #1 proposed by the Stratham Planning Board for the Town of Stratham Zoning Ordinance which would change the zoning boundaries of several parcels of land? These parcels, which are located between Route 108 and the Squamscott River are presently zoned Office/Research Park and Residential/Agricultural and would be rezoned to General Commercial, and a resulting small increase in the present Residential/Agricultural Zone. The legal description of the area to be zoned General Commercial (approximately 97 acres) is as follows:

a. to amend SECTION III ESTABLISHMENT OF DISTRICTS AND USES, 3.2 LOCATION by amending the Zoning Map by changing the zoning designations "Office/Research Park" and "Residential/Agricultural" to "General Commercial". The specific area to be rezoned is further described as follows:

Starting at a point approximately 1400 feet south west of the southwesterly lot corner of the lot designated by the Stratham Assessor Map 8, lot 24 and the intersection of the Squamscott River and running in a straight line in an easterly direction to the southwesterly corner of the lot designated by the Stratham Assessor's Map 8, lot 5, and following the rear lot lines of those lots designated by the Stratham Assessor's May 8, lots 5, 4 and 3 to the existing General Commercial Zoning line. From the intersection of the existing General Commercial Zoning line and the lot designated by the Stratham Assessor's Map 8, lot 3, running in a southwesterly direction along the existing General Commercial Zoning line to the intersection of said line with the State of New Hampshire Route 101 (Exeter-Hampton expressway), then running in a westerly direction to the boundary line between the Town of Stratham and the Town of Exeter and turning and running in a northerly direction to the southerly intersection of the Squamscott River and the "Roundabout", then running in an easterly direction back to the starting point of said description; and

b. Deleting from SECTION III ESTABLISHMENT OF DISTRICTS AND USES, 3.1 ESTABLISHMENT OF DISTRICTS the language under District Name and Abbreviation the words "Office/Research Park ORP"; and deleting 3.4.6 Office/Research Park in its entirety; and

c. Deleting all further references to "Office/Research Park".

d. By amending 3.6 TABLE OF USES by making changes for the following uses allowed in the column entitled DISTRICT - GCM:

A. RESIDENTIAL USES

1. Two-family dwelling - amend from "S" to "X";

2. Cluster developments in accordance with Section VIII of this ordinance - amend from "S" to "X";

B. TEMPORARY RESIDENTIAL USES

2. Bed and Breakfast Inns. - amend from "P" to "X"

3. Hotels, motels. - amend from "P" to "X";

G. INDUSTRIAL USES

5. Bulk storage and distribution of goods, except fuels. - amend from "X" to "S";

("P" = Permitted; "S" = Special Exception; "X" = Prohibited)

ARTICLE 3: CORNER LOT/FRONTAGE CLARIFICATION

Are you in favor of the adoption of the Amendment #2 proposed by the Stratham Planning Board for the Town of Stratham Zoning Ordinance which would require frontage upon one street in the case of a corner lot, however, would require setbacks from both streets for a corner lot? The technical changes are as follows:

a. Within SECTION II DEFINITIONS, 2.1 DEFINITIONS, 2.2.23 frontage, delete the woods "on both intersection streets."; and

b. Replace the deletion with the words " on one street".; and

c. Within SECTION II DEFINITIONS, 2.1 DEFINITION, 2.1.45 Setback, Front: add after the word "structure.", the sentence "In case of a corner lot, the frontage setback shall mean the distance measured from both intersecting streets."

ARTICLE 4: REFERENCE TO CODE ENFORCEMENT OFFICER

Are you in favor of the adoption of the Amendment #3 proposed by the Stratham Planning Board for the Town of Stratham Zoning Ordinance which includes reference to the Code Enforcement Officer in the review of plans and in the making of decisions that require appeal to the Board of Adjustment. The technical changes are as follows:

1. Within "5.2.3 Sanitary Protection", within the first paragraph, add after the word "Inspector" the words and punctuation ", Code Enforcement Officer "; and

2. Within "19.1 Violations", after the word "Inspector" add the words "and Code Enforcement Officer"; and

3. Within "16.7 Hearings", within the second paragraph, after the two words "Inspector", add the words "and/or Code Enforcement Officer"; and

4. Within "16.8 Scope of Review", after the word "Inspector" add the words "and/or Code Enforcement Officer"; and

5. Within "16.8.1 ", after the word "Inspector" add the words " and/or Code Enforcement Officer".

ARTICLE 5: FREE-STANDING RETAIL/SERVICE OPERATIONS SIGN

Are you in favor of the adoption of the Amendment #4 proposed by the Stratham Planning Board for the Town of Stratham Zoning Ordinance which would allow the construction of a free-standing sign for a retail and/or service operation use located in Professional/Residential, Commercial and/or Industrial Districts? The technical changes are as follows:

a. Within "7.3 PERMITTED SIGNS", within the category PROFESSIONAL/RESIDENTIAL, COMMERCIAL AND /OR INDUSTRIAL DISTRICTS, Retail and service operations (permitted as a special exception in the Industrial District only). under the column "Free Standing", under the columns "Maximum Height" and "Min. Feet to Lot Line" delete the letters "N/A" in both columns; and

b. replace within the same category under the column "Maximum Height" the number "10"; and

c. replace within the same category under the column "Min. Feet to Lot Line" the number "20".

ARTICLE 6: DAY CARE FACILITIES

Are you in favor of the adoption of the Amendment #5 proposed by the Stratham Planning Board for the Town of Stratham Zoning Ordinance which would allow day care facilities within a Professional/Residential Zoning District? The technical changes are as follows:

With "3.6 TABLE OF USES", under the district "PRE", within the Use "E. Institutional Uses 2. Day Care Facilities. Change the "X" to a "S".

ARTICLE 7: REMODEL VS. REPAIR

Are you in favor of the adoption of the Amendment #6 proposed by the Stratham Planning Board for the Town of Stratham Building Ordinance which would amend ARTICLE I: RESTRICTIONS, Section 1. by changing the word "remodeling" located in the third line of the paragraph, to the word "repair"?

ARTICLE 8: DISCLAIMER

Are you in favor of the adoption of the Amendment #7 proposed by the Stratham Planning Board for the Town of Stratham Building Ordinance which would clarify that the Town of Stratham, its officials, employees or agents are not liable for economic and/or other damages based on the Stratham Zoning Ordinance. The technical changes are as follows:

a. to delete the first paragraph of the STRATHAM BUILDING ORDINANCE in its entirety; and

b. to replace the first paragraph of the STRATHAM BUILDING ORDINANCE with the following language:

"Declaration of Purpose. The purpose of this Ordinance is to promote the health, safety, convenience and general welfare of the community by regulating the construction of buildings. Furthermore, the purpose of this Ordinance is to establish uniform rules and regulations for the construction of buildings and structures within the Town of Stratham. This Ordinance is not intended, nor shall it be construed, to create a duty on the part of the Town of Stratham or its officials, employees or agents, to protect the health, safety or economic interests of any person or entity, and no person or entity shall have the right to rely on this Ordinance, or any action taken or not taken hereunder, including the issuance of any building permit or occupancy permit, as a basis to assert any claim for loss, damage or expense against the Town, its officials, employees or agents.

The following Ordinance is hereby enacted by the voters of the Town of Stratham, New Hampshire, in annual town meeting convened:"

ARTICLE 9: ADMINISTRATIVE--SEWAGE

Are you in favor of the adoption of the Amendment #8 proposed by the Stratham Planning Board for the Town of Stratham Building Ordinance which would require that, prior to the issuance of a building permit, all sewage disposal systems would conform with the most recent standards of the Water Supply and Pollution Control Division (WSPCD) and the Town of Stratham requirements for on-site sewage disposal systems? The technical language is as follows:

a. delete from ARTICLE IV. ADMINISTRATION, Section 1.f., from the fourth line, after the word "system", the following words "including the size of the septic tank conforming with the requirements of existing regulations, statutes, and public health."; and

b. replace within ARTICLE IV. ADMINISTRATION, Section 1.f., in the fourth line, after the word "system", the following words "conforming with the most recent manual published by State of New Hampshire, Department of Environmental Services, Water Supply and Pollution Control Division (WSPCD) and current Town of Stratham on-site sewage disposal system requirements as per Section 4.4.10 of the Town of Stratham Subdivision Regulations".

****

THE FOLLOWING ARTICLES WILL BE VOTED ON FRIDAY, MARCH 17, 1995
AT 7:30 P.M. AT THE STRATHAM MUNICIPAL CENTER,
10 BUNKER HILL AVENUE.

****

ARTICLE 10. To raise such sums of money as may be necessary to defray general town charges for the ensuing year and make appropriations for the same.

The Board of Selectmen recommends this article.

ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of Two Hundred Twenty Nine Thousand Dollars and no cents ($229,000.00) to implement the Capital Improvements Program for 1995 as presented in the Town Report and approved by the Planning Board. This is a special warrant article which will be non-lapsing until the specific items are completed or obtained but shall in no case be later than five (5) years from this appropriation per RSA 32:7 (VI).

The Board of Selectmen recommends this article.

ARTICLE 12. Should the Town of Stratham vote to adopt the Amendment and Restatement of the Lamprey Regional Cooperative Agreement, thereby remaining a member of the Lamprey Regional Cooperative, an intergovernmental cooperative established under RSA 53-A and the successor to the current Lamprey Regional Solid Waste Cooperative which is set to expire on June 30, 1996, for the purpose of handling, managing, and/or disposing of municipal solid waste?

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of Fourteen Thousand Dollars and no cents ($14,000.00) for the purpose of reconstructing and/or repairing the septic system and other subsurface structures located at the firehouse. This is a special warrant article which will be non-lapsing until this purpose is accomplished but shall in no case be later than five (5) years from this appropriation per RSA 32:7 (VI).

The Board of Selectmen recommends this article.

ARTICLE 14. By petition of Patricia L. Elwell and forty one (41) others: To see if the Town will vote to replace the current appointed Planning Board with an elected Planning Board of five (5) members, in accordance with RSA 673:2 II (b) (1), with the Selectmen appointing one (1) Selectman as an ex officio member, and the other members being elected at the 1996 Town Election, One (1) for terms of three (3) years, two (2) for initial terms of two (2) years and subsequent terms of three (3) years, and one (1) for an initial term of one (1) year and subsequent terms of three (3) years.

ARTICLE 15. To see if the Town will vote to authorize the Selectmen, on behalf of the Town, to retain and hold for public uses the former Porter property consisting of approximately one half (1/2) acre, more or less, and located at 7 Stratham Heights Road (Tax Map 7 Lot 16-1) which was acquired by the Town by Tax Collector's Deed.

The Board of Selectmen recommends this article.

ARTICLE 16. To see if the Town will vote to allow a One Percent (1%) discount on such property taxes as are paid in full within Fifteen (15) days from the day the tax warrant is committed to the Tax Collector, the date to be printed on the tax bill.

The Board of Selectmen recommends this article.

ARTICLE 17. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this thirteenth day of February in the year of our Lord nineteen hundred and ninety five.

Selectmen of Stratham, NH

VICTOR COLLININO

CEMETERY COMMITTEE

The Cemetery Committee is pleased to report on the following actions taken this past year:

The erection of two granite pillars at the entrance to Maple Lane Cemetery. The pillars are about six feet high and are engraved with the name of the cemetery and the Stratham Town Seal.

Acquisition of a flag pole and mounting base to be installed in Maple Lane Cemetery.

Our plans for 1995 include the following:

Install the flag pole in Maple Lane Cemetery.

Survey the .58 acre lot of land donated by William Krooss at the rear of Maple Lane Cemetery in preparation of future expansion of the cemetery.

Install a hand pump on the existing well at Greenwood Cemetery for use by the general public to water cemetery plants.

Replace about 60 feet of badly deteriorated iron fence at the entrance to Harmony Hill Cemetery with eight granite posts connected with heavy chain.

Erect a granite pillar with cemetery name and Town Seal at the entrance to Harmony Hill Cemetery.

Landscape the entrance to Maple Lane Cemetery including grading, seeding, planting low evergreen shrubs and planting climbing vines on the adjacent chain link fences.

Spray all cemeteries to kill the poison ivy.

Replace washed-out loam and apply grass seed under trees at the front of Greenwood Cemetery.

We again thank the Stratham Historical Society and in particular, Margaret Tate, for their invaluable assistance in maintaining cemetery records up to date. Also, thanks to the Stratham Highway Department for the exceptional job they do in maintaining the cemeteries.

Respectfully submitted,

Lucy Smith
George Brown
Kenneth Lanzillo,
Stratham Cemetery Committee

THE GIFFORD FARM PROPERTY

In 1994, the Gifford house underwent some major improvements and maintenance.

All of the exterior walls and attic were insulated. All exterior damage from birds and squirrels was repaired. The entire garage and three sides of the main house were scraped, primed, and painted with two coats of finish paint. The bulkhead door leading to the basement was replaced with a new metal door. The ceilings in three rooms were replaced because of age and the hazard of falling plaster. All interior chimneys not in use were closed off with wood covers from the inside. The bathroom shower door was repaired to stop water from leaking out onto the floor.

At the 1994 Town Meeting, by a vote of the citizens, Article 18 was passed establishing a Town Forest on 82 acres of the Gifford Farm. Management of this land was entrusted to the Conservation Commission.

THE OLD TOWN HALL

The Board of Selectmen has been vigorously attempting to market the sale of the old Town Hall through various real estate listings. There have been some serious inquiries and site inspections by prospective buyers, but no commitment to purchase has been received to date.

The unique character and ambience of the building does not lend itself to a wide variety of commercial occupancies but we feel that it will be just right for some unique enterprise.

STRATHAM LANDFILL

We continued our efforts to receive approval from the NH Department of Environmental Services of our closure plans. Unfortunately, delay and new requirements postponed our ability to implement the closure plan during 1994. Additional permitting to include a wetlands dredge and fill permit and a site disturbance permit added to the approval process. Consequently, the additional engineering and testing required used the remaining funds available for closure without finishing the project. Fortunately, we were able to acquire additional materials (clay) with some of those funds. We, the Selectmen, assure you that the additional $90,000 requested in the 1995 CIP will be the last appropriation necessary to complete this project.

Results from the monitoring wells continue to be encouraging with no Volatile Organic Compounds (VOC'S) found. The Transfer Station is continuing to operate every Saturday from April to October while during November to March, it is open the 1st and 3rd Saturdays of the month. Operating hours are 9 a.m. to 4 p.m.

STRATHAM POLICE DEPARTMENT

The members of the Stratham Police Department would like to thank the residents and the business community for their support over the past year. Without that support, our tasks would have been much harder to accomplish.

Over the past few years the department has lost a number of well qualified Officers. Some have retired, some left to enter a different career outside of law enforcement, but most left to join other area departments with higher wages and overtime benefits. 1994 was no exception, Officer David Schuppert and Officer Robert Jordan left the department this year. They have been replaced by Officer Richard Gendron and Officer Peter Bakie. Our long time secretary Barbara Palm left in June, she and her husband Chuck took over the operation of the Harbor Hill Campground in Meredith, New Hampshire. This turn over of personnel, added with the needed training time for the new members, put a heavy strain on the remaining personnel of the department, but at no time were services to the community interrupted.

Calls for service this year were up again over the previous year. There were 8,614 calls for service in 1994 compared to 8,030 in 1993. One area that showed a major increase was drug violations, 20 violations in 94 compared to 8 in 93. Domestic violence complaints showed a decrease, but physical assaults during domestics were more common this year. We also noticed this year that more people we come in contact with were armed with or had access to a loaded weapon.

With the aid and support of the staff of the Stratham Memorial School, we are again doing the D.A.R.E program at the elementary school for both the fifth and sixth grades. We have been fortunate to have received funding for this program from the Stratham School, Stratham P.T.O, and the United States Department of Justice through the New Hampshire Attorney Generals Office.

OFFICE OF EMERGENCY MANAGEMENT

Activities in 1994 were once again devoted to on-going emergency preparedness training in such important areas as coastal storm threats, flooding, northern New England earthquake exposure and hazardous materials incident responses.

In addition, we have entered our three year qualification cycle for activities related to our Town's Radiological Emergency Response Plan. This involved numerous preparatory training sessions, drills and a formal "exercises" that were graded by both State and Federal authorities. Thanks to the many hours dedicated by the volunteer staff of Stratham's Emergency Management team, which includes our Fire, Police and Selectmen's Office, these activities once again earned high praise from the Federal Emergency Management Agency and the Nuclear Regulatory Agency.

One of the more notable developments in 1994 was the addition of critical volunteer staff to our Emergency Management Organization. Under the able leadership of Deputy Director Graeme Mann, the Emergency Operation Center Staff was substantially enhanced by the addition of highly qualified residents who agreed to volunteer and commit their time to this important effort. This includes those with specific talents, formal training and experience deemed critical to the effective management of emergency conditions. We are pleased to welcome each of them as invaluable additions to the Stratham Emergency Management Organization.

Respectfully submitted,

Stephen H.Flink
Director

STRATHAM VOLUNTEER FIRE DEPARTMENT

The total number of calls increases each year as the community grows. In an attempt to determine the cause for the increase, we have analyzed the calls during the past year. We found that two areas have increased more than others. Motor vehicle accidents and recreational or accidents in the home.

I am sure all residents who travel along Portsmouth Avenue have noticed the increased amount of traffic on this route. The Fire Department notices the increase by the number of traffic accidents. Most of these accidents are minor and create frustration and unwanted expense for everyone. It is the Fire Department's job to respond to emergencies in order to prevent further injuries and to assist victims. It is also our duty to try to prevent injuries or losses due to hazardous situations. Because of the high traffic level on Portsmouth Avenue, it becomes a hazardous area when motor vehicle operators do not pay attention to the traffic conditions. With so much traffic entering and turning due to the amount of intersections, the driver's full concentration is necessary at all times. Please be aware of traffic conditions and use due care when driving this route.

Recreational accidents and accidents in the home have increased quite a bit in the past year. Our analysis indicates no common cause for these accidents, but does show that we have made more calls to residents who have had accidents, falls, or received lacerations in the home or while participating in recreational activities.

In the coming years, the Fire Department will strive to serve the community with its expertise. Our volunteers will take the time to maintain their certification and respond to calls while providing the residents of the town with the best fire and emergency medical protection available, as they have done in previous years.

On behalf of the Stratham Volunteer Fire Department, I would like to thank all the agencies, groups, and individuals who have assisted and supported the Fire Department. Operation of the Fire Department runs smoothly with the support of the Selectmen's office and the Police Department. The Police Department has been very cooperative whenever the Fire Department has tried to assist them where necessary. A sincere thank you to the Fair Association for their generous financial support, and to the Ladies Auxiliary for providing the department with needed equipment which they have purchased. I would also like to thank all of the volunteers for their dedication and service and their families for their support and understanding. Without them, we would not be able to provide the excellent service to our community which we have done in the past and will continue to do in the future.

Respectfully submitted,

Ralph S. Walker, Jr., Fire Chief

CODE ENFORCEMENT OFFICER REPORT

Timberland is now fully operating in Stratham. They started to move in the middle of November. Stanley Walker and I have worked with Timberland to see that the renovations conformed to local codes and moved along smoothly. They did a very nice conversion of their building. We continue to have a very good balance of business in the Industrial Zone to include the following:

1. Timberland--Employs 500--World Wide Corporate Office including Research and Development of outdoor recreational products.
   245,000 sq. ft. building

2. Hewlett Packard--Employs 400--Manufacturer of Computer Work Stations. While a good portion of the building is in Exeter, land and part of the building are in Stratham.
   265,000 sq. ft. building

3. Lindt and Sprungli, Inc.--Employs 74--Makers of Fine Chocolate. In 1989, they did over 400 tons of chocolate from blocks which were shipped in. Now in 1994, they make the chocolate here in Stratham and have shipped over 800 tons. In 1995, they are looking to do over 900 tons.
   130,000 sq. ft. building

4. Complex Medical Products--Employs 35--Contract Manufacturer of Medical Devices. Mainly plastic, small mechanical assembly including the custom extruding of medical grade tubing.
   25000 sq. ft. building

5. Bayside Pool Supplies of New England--Employs 8--Wholesaler of Swimming Pools Supplies.
   10,000 sq. ft. building

In the General Commercial Zone, the Mobil Station has been renovated and there is a new Subaru Dealership. Monro Muffler has their building permit and started their building. Sherwin Williams should be starting construction by the time this is printed. Store fronts are starting to fill up with new businesses. The Planning Board is reviewing a proposal to change the old Yankee Spirit building to a Dunkin' Donuts Restaurant. At Hurlbert Junction, they are proposing to tear down the old building and put up a new Nissan dealership.

In the Town Center, the U. S. Postal Service is looking to construct a new Post Office near where they are now. In the Residential zone, the Powers land at the end of River Road was subdivided into 8 lots. A 7 lot subdivision on High Street was also approved. Both will start construction this spring. There have been a few single lots and lot line changes.

We will be starting our Well-Head Protection Program. Those who receive a cover letter from me requesting a time and date to visit with them are located within a known and mapped well-head protection zone. I hope to assist them in protecting our groundwater resources.

Respectfully Submitted,

Terry W. Barnes, Code Enforcement Officer

STRATHAM PLANNING BOARD REPORT

The Stratham Planning Board holds public hearings on the third Wednesday of each month and work sessions on the first Wednesday of each month, when necessary. Interested citizens are encouraged and welcomed to attend these meetings.

Activity of the Planning Board had significantly increased during the year. Some of the more significant subdivision and/or site plan review activities were: seven lots for single family residences on River Road; Subaru car dealership; Dunkin' Donuts (in process) at the former Yankee Spirit site; fourth phase of the Peninsula Condominiums, revised from 25 family units previously approved to 9 single family homes; 34 single family homes on the Wiggin Farm; a church on Winnicutt Road; a car dealership at Hurlbert Plaza; Sherwin Williams Paint Store and Monro Muffler Shop on Portsmouth Avenue. Some amendments to the zoning ordinance are being submitted to the voters.

The Planning Board, with a sub-committee, will devote a considerable amount of time on a revision of the Master Plan during this coming year. We solicit the input of interested Stratham residents.

The "Circuit Rider" from the Rockingham Planning Commission continues to provide planning assistance services and has office hours at the Town Office in the morning on the first and third Tuesday of each month.

Respectfully submitted

Joseph Derwiecki, Chairman
Stratham Planning Board

STRATHAM CONSERVATION COMMISSION

The Conservation Commission (CC) was responsible for an article in the 1994 Town Warrant to have 82 +/- acres of the Gifford Farm, so called, designated as a Town Forest. Future management of the forest is to be the responsibility of the Conservation Commission. An effort is being made to obtain the remainder of the unique Atlantic White Cedar Swamp abutting the Town Forest and Stratham Hill Park. It is the intent of the Conservation Commission to increase its management activities in the Town Forest in 1995.

The Conservation Commission responded to several requests of the NHDES Wetlands Board for Dredge and Fill permits. Most of the requests were wetland crossings to which the Conservation Commission responded favorably, after reviewing the plans and walking the site.

The following meetings were attended by the Conservation Commission: the annual meeting of the Rockingham County Conservation District and the annual meeting of the Conservation Commissions in Concord. The workshops and field trips held provide assistance to the local conservation commissions.

The Conservation Commission was able to assist the NHDES Wetlands Board and the NH Coastal Program this year by sponsoring workshops which were held at the Municipal Center.

Respectfully Submitted,

Stratham Conservation Commission

STRATHAM HILL PARK ASSOCIATION REPORT

This year, we spent federal funds that were made available through the Small Business Administration Tree Planting Program. Stratham Circle Nursery was awarded the job to plant the trees according to a landscaped plan.

The Park Association did discuss the construction of a baseball/soccer field. It would be located at the corner of Jackrabbit Lane and Portsmouth Avenue. It was voted to contribute money for the construction of the field.

Also, the Association discussed the possibility of clearing an area for sliding. We wanted to promote a safer sliding area at the Park, away from the Portsmouth Avenue area. It was agreed to contribute up to $150.00 to remove some stumps.

In closing, I would like to thank everyone who has helped out in the Park. If anyone has any questions, feel free to call me, or come to a Park Association meeting. We meet on the fourth Monday of the odd numbered month, at 8:30 p.m. in the Selectmen's meeting room.

Respectfully submitted,

Gordon L. Barker
Stratham Hill Park Association

RECREATION COMMISSION REPORT

Stratham Recreation provides the residents of Stratham the opportunity to participate in varied activities including, but not limited to team sports and individual athletics (aerobics, skiing, dances, special events, roller skating, etc.) Stratham Recreation is dedicated to promoting fellowship, spirit and good will in our community by providing programs which are scheduled year round and are focused on a wide range of age groups.

These programs and much more are made possible through the dedication and hard work of many volunteers and parents. Over one hundred people per sport played are needed to give of their time, talents, and support to run each program. Our thanks cannot adequately convey the Commission's deep appreciation of the commitment made by these individuals. We look forward to another tremendous year during 1995. The following indicates the support and participation in our programs:

SOCCER: 400+ boys and girls ages 6-14. We offer both coed and girls recreational programs with a traveling team program which plays on a state-wide competitive basis. The under 12 boys team, Stratham Strikers, were the Division #2 State Champions in 1994.

BASKETBALL: 200+ boys and girls ages 7-12. We offer coed and girls recreational teams. Boys and girls have additional travel teams and play surrounding towns. New this year is our 30+ 7th and 8th grade boys and girls programs on an after school and weekend night basis.

BASEBALL: 350+ boys ages 6-15. We offer a wide variety of programs from T-ball, baseball to Babe Ruth.

SOFTBALL: 200+ girls ages 10-16. Spring is an instructional league where every girl participates. Summer has competitive leagues for 12 and under, 14 and under, and 16 and under. Stratham Cubs placed second in the State tournament.

SUMMER PROGRAM: The 3rd Summer Theme Camp involved over 70 children in grades 1-8. Two week, morning sessions held in July and August gave children the opportunity to go back to medieval times portraying knights and ladies, or take an imaginary train trip across the USA to learn about different regions through games, cooking, arts and crafts. Older children produced and acted in Shakespeare's Twelfth Night, which was performed for the children and their parents at the Stratham Memorial School playground. Registrations for 1995's camp will take place in April.

ADULT PROGRAMS: Men's basketball on Sunday and Thursday night at the Memorial School gym; Women's basketball on Monday night at the Memorial School gym; Coed volleyball is on Wednesday nights also at the School gym; We have on-going aerobics and exercise programs all year.

A special thanks goes to all the people who referee and umpire our games. We are looking forward to building our new baseball/soccer field at the Stratham Hill Park this coming year. Thanks to everyone for all your support.

Respectfully Submitted,

Stratham Recreation Commission

HIGHWAY DEPARTMENT REPORT

As this is being written, the winter season hasn't been too bad. Who knows what lies ahead, however!

Our duties at the Highway Department are varied. We take care of over 50 miles of town roads; care for the cemeteries, the transfer station, and various town parking lots (firehouse, town offices and school). We do this with only four full-time people, just as it was in 1980. This year, with the possible closing of our landfill and the loss of our brush burning license, we would like to ask for a wood chipper and an additional full-time person to work for our department. We have plenty of work to be done!

Last year, we changed the Barker Road/Union Road intersection to meet state and federal guidelines. We also paved part of Union Road, Depot Road, and Perth Drive. Guardrails were put up at the pond on Gifford Farm Road and at the intersection of Lovell Road and Willowbrook Avenue to protect the safety of the motoring public.

This year, we will be installing more guard rails and paving more roads as necessary. We will also be mowing the cemeteries and helping out at the Park as usual. This spring, we will have to start doing more drainage and catch basin work due to our increased use of winter sand on the roads. The sand washes off the roads into the drainage ditches and plugs them up. This creates some costly clean up work.

Our equipment consists of four dump trucks with plows and sanders with one in poor shape, and three small trucks with plows with one also in poor shape. We have a loader and a grader which are in good condition. Due to old age and the cost of maintenance, we are asking for a new dump truck this year. This truck will replace our oldest truck which is a 1983 International. We are also asking for a new garden tractor mower to use in the cemeteries. This will replace our current one which is nearly ten years old.

This year, we have a helpful tip for the public. Please call the town office before erecting fences, stone walls, and/or plantings along the Town's right of ways. This will save you time and trouble in the long run by not creating a hazard within a public way. We will be more than happy to help you site such improvements to avoid having to move them at a later date.

Thank you for your continued cooperation! You can call us at 772-5550. Have a good year!

Respectfully submitted,

Fred Hutton Jr., Highway Agent
Cameron Sewall
Russell Stevens
Donald Dubbs

LAMPREY REGIONAL SOLID WASTE COOPERATIVE

The Lamprey Regional Solid Waste Cooperative, in 1994, operated within budget and had a productive year. The Board of Directors voted a closing date of November 30, 1995 for our present incinerator on the campus of the University of New Hampshire.

The Lamprey Board of Directors are presently pursuing a new Restatement of the Cooperative Agreement which outlines goals for the future, such as a recycling facility with transfer capabilities. At the 1995 Town Meetings, the respective Cooperative Communities will be voting on this new expanded agreement for the future of the Cooperative.

In 1995, the Cooperative hopes to have a new facility constructed so that on November 30, 1995, all municipal solid waste will go to the new facility without any interim period of interruption.

Respectfully submitted,

Joseph Moriarty
Chairman of the Board, LRSWC

SOLID WASTE COMMITTEE REPORT

The Solid Waste Committee has been doing extensive research and meeting with many representatives of the solid waste industry for the past four years. This committee was established to help find a solution to the pending closure of the Lamprey Regional facility. Stratham has reached that goal.

The committee enthusiastically endorses the new contract signed in December by the Board of Selectmen and Gobin Disposal Systems. This contract contains all of the stated goals of the committee, including the curbside pick up of recyclables and responsible trash disposal, all at a lower cost than the Town is now paying just for trash collection and disposal. In addition, we will be enjoying the benefits of this increase in service and the cost savings for at least the next five years.

We, the members of the Solid Waste Committee, wish to thank the citizens of Stratham for their support and helpful suggestions on how the Town's waste disposal problems should be solved. The Solid Waste Committee, having fulfilled our stated purpose, recommends that the Selectmen retire the committee until and unless there is a need to continue.

Respectfully Submitted,

W. Douglas Scamman, Jr., Chairman

RECYCLING COMMITTEE REPORT

Stratham's Recycling Program continued to be a successful one in 1994. We are thrilled with the new agreement regarding waste disposal in our community. The introduction of curbside recycling brings an end to the Recycling Committee. The Recycling Committee was able to obtain many of its short and long term goals--offer an affordable way for the residents of Stratham to recycling, and work toward a broader and more accessible means of recycling.

A special thanks goes to all the volunteers who gave up their time to monitor the bins each Saturday. The many volunteers helped make the recycling program a successful one. Thank you to everyone for the years of support. Remember, keep recycling!

Respectfully submitted,

Sean Tierney, Chairperson
Stratham Recycling Committee

STRATHAM MOSQUITO CONTROL COMMISSION

Each year, I focus on one event that dominated the mosquito season. In 1994, I think of the mosquitoes of late July - early August. Salt marsh mosquito larvae were treated with a bacteria as planned, but the number of mosquitoes that hatched that week broke 30 year records. The unusual population of mosquitoes was not limited to Stratham or Seacoast NH, but occurred up and down the eastern seaboard. Record numbers of mosquitoes were reported by most mosquito control agencies in the east. Yet, an explanation for this heavy population eluded us. Could it be a peak in the natural cycle of the mosquito just as gypsy moths have displayed or, haven't we reached the peak? Let's hope we have seen the peak.

Control of mosquitoes begins at the source, pools of stagnant water. Elimination of the source is one solution, however this method may be impractical when dealing with large areas such as salt marshes or freshwater swamps. Homeowners can help reduce the mosquito population by inspecting the yard for standing water. Any container holding water provides a breeding ground for mosquitoes. Empty all containers frequently, including bird baths, flower pots and drain trays, rain barrels, trash cans and wheel barrows. Call the mosquito control department to inspect larger sites such as ditches, snowmelt pools, swamps or any stagnant water. The bacteria, Bacillus thuringiensis israelensis (bit for short) is used to control mosquito larvae in stagnant pools. Bti has been used in Stratham since 1989. Bti selectively kills mosquitoes yet has no effect on people, pets, fish, wildlife, plants, and other organisms that live in these habitat. If you do NOT want your property treated for mosquitoes please contact the mosquito control department at 778-3906 every spring.

After a brief resting period, mosquitoes hatch into the familiar flying stage. Winged adult females seek a blood meal to nourish the eggs. Spring freshwater mosquitoes are most active at dusk and dawn or in the shade while salt marsh mosquitoes bite during the day even in the hot sun. These salt marsh mosquitoes are predominant during July and August coinciding with the greenhead fly season.

Salt march mosquitoes and greenhead flies make outdoor activities a challenge. Black boxes are placed on salt marches from July 1st to September 15th to catch greenhead flies before they leave the marsh in search of blood. Greenheads fly into the box, and die of dehydration. No insecticides are used. Spiders, praying mantis and wasps take advantage of this abundant food supply and raise their young here. Hawks, red-winged blackbirds and seagulls all roost on the traps.

Unfortunately, mosquitoes don't enter greenhead fly traps. Adulticiding, killing adult mosquitoes, is the last effort used to control mosquitoes. The insecticides, resmethrin and permenthrin were used to control adult mosquitoes last season. Both insecticides are synthetic pyrethriods. If you do NOT want your property sprayed for adult mosquitoes please call 778-3906 or write: Mosquito Control, P.O. Box 46 Stratham, NH. You must contact the department every season. All requests will be honored.

Sarah T. MacGregor
Mosquito Control Department

WIGGIN MEMORIAL LIBRARY

It has been a year of change at the library as we get used to a new computer system and everyone else gets used to a new director. I have enjoyed getting to know Stratham, especially the one mile of Portsmouth Avenue that leads from my home to the library. Dealing with the computer affectionately known as "Sybil" has had its ups and downs.

Besides engaging in the crusade to educate people on the wonders of the Dewey Decimal System, the library has worked hard at building its collection of classic literature. Of course, just deciding what is a "classic" took most of the year. The old having thus been served, we have also taken advantage of the relatively new media of video tapes, compact disks, and books on tape.

We have done much work on our "Young Adult" collection, and varied mixture of materials written at an adult level and structured to be of interest to teens. Paradoxically, many of our older adult readers have found this section to be a more factual handling of controversial subjects with fiction more tilted towards a good story than a long description.

The year to come promises more opportunities to take advantage of electronic resources. A new computerized card catalog and access to the Internet should highlight this continuing movement of the library from just a repository of books to a gateway for the flow of information and ideas.

In 1995 you can look for more in the fields of local history and genealogy. Expect to see an expanded collection of classical music on compact disk, and a broader collection of video tapes. You can also expect to see more of our patron surveys at the check-in desk. Last year, these informal surveys helped us concentrate on those authors our patrons most like to read. It also helped us choose when to add new hours to our schedule. In 1995, there will be more questions put forth with patron responses continuing to help guide the us in serving you.

STRATHAM HISTORICAL SOCIETY, INC.

The year, 1994, was a productive year for the Stratham Historical Society. The front and rear slopes on the roof were repaired, and the bathroom was refurbished.

Programs included one made possible by the New Hampshire Humanities Council--Prof. Jere Daniel talked about the early NH settlers in this area. Another program was about the American History Museum in Exeter, and Peter Cook, curator of the Pioneer Village in Salem, MA, spoke on the "Decorative Arts".

Our fund raising was accomplished by selling pizza at the Stratham Fair, sponsoring an antique show, having an appraisal day, and bake sales. All the monies were used for curatorial supplies, and a donation to the State of NH Archaeological Division to help fund the dig at Sandy Point. The dig is on-going, and has two more years of planned activities.

We continue to work with the third grade at Stratham Memorial School, and other organizations, at their request. Cub Scouts planted flowers in front of the building in the Spring. Thirty-five persons donated various articles of historical significance and approximately 250 visitors came to view the displays, or to research their families.

We appreciate the great support given to us by the Town, as we continue to preserve and promote the history of Stratham. We are open every Tuesday 9 - 11:30 AM, every Thursday 2 - 4 PM, the first Sunday of each month, 2 - 4 PM, and by appointment.

Respectfully Submitted,

Barbara K. Mann, President
Stratham Historical Society

REPORT ON EXAMINATION OF FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 1993

I. R. Lebel

CERTIFIED PUBLIC ACCOUNTANT

54 COURT STREET - PORTSMOUTH, NEW HAMPSHIRE 03801
TEL. (603) 436-8110

Board of Selectmen
Town of Stratham
Stratham, NH 03885

We have audited the general purpose financial statements of the Town of Stratham, New Hampshire, and its combining and individual fund financial statements as of and for the year ended December 31, 1993. In planning and performing our audit, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements, and not to provide assurance on the internal control structure. However, we did not note any matters involving the internal control structure and its operation that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control system that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not disclose all reportable conditions that are also considered to be material weaknesses as defined above.

This report is intended solely for the information and use of the Board of Selectmen, Officers, and management. This restriction is not intended to limit the distribution of this report which, upon acceptance, is a matter of public record.

I. R. Lebel
Certified Public Accountant

INDEPENDENT AUDITOR'S REPORT

Board of Selectmen
Town of Stratham
Stratham, NH 03885

We have audited the accompanying general purpose financial statements of the Town of Stratham as of and for the year ended December 31, 1993, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The Town has not maintained a record of its general fixed assets and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not presented in the financial report.

In our opinion, the general purpose financial statements referred to above present fairly the financial position of the Town of Stratham at December 31, 1993, and the results of its operations and the changes in financial position of its proprietary fund types and similar Trust Funds for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly the financial position of the individual funds of the Town of Stratham at December 31, 1993, their results of operations, and the changes in financial position of individual proprietary funds for the year then ended, in conformity with generally accepted accounting principles.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fund Accounting

The diverse nature of governmental operations and the necessity of determining compliance with legal provisions requires modification of accounting systems commonly used by commercial enterprises. Rather than establishing a single unified set of accounts to record and summarize all financial transactions, the accounts of the Town are organized on the basis of funds, each of which is considered a separate entity with self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures, including obligations and transfers. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, as follows:

Governmental Funds

General Fund - The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes.

Fiduciary Funds

Trust & Agency Funds - Trust & Agency Funds are used to account for assets held by the Town in a trustee capacity or as an agent for other governmental units. These include Expendable Trusts, Non-expendable Trusts, and Agency Funds. Non-expendable Trusts are accounted for in essentially the same manner as proprietary funds, while Expendable Trusts are accounted for similar to governmental funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement or results of operations.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Basis of Accounting (Cont'd)

All governmental funds and Expendable Trust Funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Taxpayer-assessed income, gross receipts, and sales taxes are considered "measurable" when in the hands of intermediary collecting governments and are recognized as revenue at that time. Anticipated refunds of such taxes are recorded as liabilities and reductions of revenue when they are measurable and their validity seems certain. Property tax revenue is measured in the year levied.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) accumulated unpaid vacation, sick pay, and other employee amounts which are not accrued; and (2) principal and interest on general long-term debt which is recognized when due.

All proprietary funds and Non-expendable Trust and Pension Trust Funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned and their expenses are recognized when they are incurred.

Fixed Assets

The Town does not maintain a record of its general fixed assets and accordingly a statement of general fixed assets required by generally accepted accounting principles is not presented in the financial statements.

Accounting for Encumbrances

The Town utilizes an encumbrance system of accounting wherein encumbrances outstanding at year end are not reported as expenditures, but are reported as a reservation of fund balance available for subsequent year expenditures based on the encumbered appropriation authority carried over to the next fiscal year.

Interfund Receivables and Payables

The following schedule reconciles interfund receivables and payable for the year ended December 31, 1993:

	Due To		
Due From	General Fund	Special Revenue Fund	Total Due From
Special Revenue Funds	$16,529	$ -0-	$16,529
Non-expendable Trust	-0-	1,650	1,650
	$16,529	$1,650	$18,179

The amounts due to/from other funds are for normal and recurring interfund charges.

2. TOTAL COLUMNS ON COMBINED STATEMENTS - OVERVIEW

Total columns on the Combined Statements - Overview are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

3. APPROPRIATED FUND BALANCE

The balance in the general fund account, appropriated fund balance, represents unexpended sums for current and previous years' special appropriations for the following purposes:

1993	Dump Truck	$ 2,322
1993	Lawn Mower	1,180
1993	Tower repair	876
1993	Library computer	167
1993	Police cruiser	101
		$ 4,646

4. RECONCILIATION OF BUDGET AS APPROVED AT TOWN MEETING TO GAAP BASIS BUDGET

Total appropriations approved - Town Meeting		$8,644,805
Add: Prior years' appropriations expended		
1990-1992	Route 101 widening	41,864
1991	Underground tank	3,319
1992	Library computer	9,368
1992	Police computer	668
Less: 1993 Appropriations carried forward		
	Highway dump truck	(2,322)
	Recreation/park mower	(1,180)
	Stratham Hill tower repair	(876)
	Library computer	(167)
	Police cruiser	(101)
		$8,695,378

Included in Audit Report as:

Budgeted Expenditures	$8,608,425
Operating transfers-out	86,953
	$8,695,378

5. PROPERTY TAX CYCLE

Property taxes are assessed on individual taxpayers based upon Town authorization of expenditures at its March Town Meeting. Properties are assessed each April 1st for this purpose.

Approved expenditures and assessments are forwarded to the State for review and State approval and the tax rate is set by the State.

The Selectmen then assess each individual property based upon the rate and sign a warrant charging the tax collector with the responsibility of collecting the tax.

The tax collector then mails the individual tax bills. Tax bills become delinquent on December 1st, or 30 days after they are mailed, whichever is later. Delinquent bills carry interest charges of 12%.

Any time after 90 days of the delinquent date, the tax collector can initiate the tax lien/sale procedure by notifying the taxpayer by certified mail that they have 32 days to pay the bill or a lien shall be recorded against the property at the Registrar of Deeds. Once such lien is placed, interest increases to 18%.

If full redemption of such outstanding tax lien is not timely made within two years of the execution of the lien, including statutory interest and costs accrued thereon, a tax deed may be issued to the holder of such lien pursuant to RSA 80:38 or RSA 80:76, and disposed of as the deed holder shall determine.

6. CASH AND INVESTMENTS

RSA 48:16 requires that all funds belonging to the Town shall be deposited in solvent banks within the State, except funds may be deposited in banks outside the State if such banks pledge and deliver collateral to the State treasurer of equal value as the funds deposited. There is no requirement of an in-State bank to collateralize deposits in excess of FDIC insurance.

The Town's cash deposits and investments at December 31, 1993, are categorized by maturity date and by the level of risk assumed by the Town. The risk categories are defined as follows:

(1) Insured or collateralized with securities held by the Town or its agent in the Town's name;

(2) Collateralized with securities held by the pledging financial institution's trust depatment or agent in the Town's name;

(3) Uncollateralized or uninsured for which securities are held by the financial institution's trust department or agent but not in the Town's name.

At December 31, 1993, the Town's deposits and investments consisted of the following:

	Categories				
	1	2	3	Unclassified	Balance
Demand deposits	$376,848	-0-	$11,187	$2,013,072	$2,401,107
Securities	-0-	-0-	-0-	-0-	158,502
	$376,848	-0-	$11,187	$2,013,072	$2,559,609

Included in the above balances is the amount of $2,013,072, which is deposited with the New Hampshire Public Deposit and Investment Pool managed by MBIA Municipal Investors Service Corporation. The pool is an open-end mutual fund to which the Town has no custodial risk, thus it is considered unclassified

7. EMPLOYEE BENEFITS AND COMPENSATED ABSENCES

Police Department employees are eligible to participaate in the State of New Hampshire Police Retirement system on a shared cost basis, which is recorded when earned.

Stratham School Board
Stratham School District
Stratham, New Hampshire 03885

To the School Board:

We have audited the financial statements of Stratham School District for the year ended June 30, 1994, and have issued our report thereon dated November 21, 1994. As a part of our audit, we reviewed and tested the School District's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal accounting control is to provide reasonable but not absolute assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgments by those managing the Stratham School District affairs.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness, or any other of several factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented intentionally by those managing the Stratham School District affairs with respect to the estimates and judgments required in the preparation of financial statements.

Further projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our study and evaluation of the Stratham School District system of internal accounting control for the year ended June 30, 1994, which was made for the purpose set forth in the first paragraph above, would not necessarily disclose all weaknesses in the system. However, such study and evaluation disclosed the following conditions that we believe should be corrected as soon as possible.

STRATHAM SCHOOL DISTRICT

Internal Accounting Control Recommendations

For the Year Ended June 30, 1994

PREVIOUS RECOMMENDATIONS

Property and Equipment (School Board, District Office)

The School District does not maintain records of general fixed assets as a matter of policy. Such assets would consist of such items as: land, buildings, furniture and fixtures, equipment, vehicles, etc. The recording of fixed assets fulfills the stewardship needs to provide for physical and dollar value control, and establishes accountability for capital expenditures over the years.

With the recording of fixed assets, the related depreciation could be determined on an annual basis for the purpose of measuring total costs of the School District's services and evaluating the efficiency of programs. This would be particularly true with the food service fund.

Activity Funds (School Board, Fund Director)

Interest Income and Bank Service Charges

Interest income and bank service charges should be allocated to each activity on an annual basis. The allocation factor should be based upon average balances of the accounts.

General and Postage Accounts

These accounts are reimbursed by the General Fund on a periodic basis. At times during the year, the accounts are in deficit until the reimbursement is received. This is not an acceptable accounting practice. At the beginning of the year, the General Fund should advance these activities an amount sufficient to cover their needs for a given period of time. At the end of the year, any unexpended funds should be returned to the General Fund.

Additional Recommendations:

General Fund (School Board, District Treasurer)

The District began participation with a local financial institution this year to invest its Liquid Funds which were in excess of FDIC insurance coverage. Though that participation earned the District additional revenue, as well as provided collateral coverage for its deposits, there were many times during the year when the overnight amount on deposit with the institution exceeded federally insured amounts. On at least one occasion, the amount on deposit exceeded insurance coverage by over $1,000,000. Procedures should be instituted to more adequately protect the District's assets via use of this overnight investment program.

STRATHAM SCHOOL DISTRICT

Internal Accounting Control Recommendations

For the Year Ended June 30, 1994

Additional Recommendations (Cont'd.)

We feel very strongly that the institution of the above outlined procedures will lead to more reliable and responsible financial reporting. With government funding being as it is, we know how important reliable financial reporting can be.

We would like to thank everyone involved with the audit for their help and cooperation.

If you have any questions regarding the audit or if we may be of further assistance, please do not hesitate to contact us.

Very truly yours,

Giordani, Lortie & Carignan, P.A.

William J. Clancy
Superintendent

Kathleen M. Lynch
Assistant Superintendent

Paul A. Flynn
Assistant to the Superintendent
Human Resources Manager

In September,1994, SAU 16 was pleased to welcome Chet Lee as the new Principal of the Kensington Elementary School. In addition, during the 1994-1995 school year, Bill Clancy has assumed responsibilities as Principal at EAHS in addition to his responsibilities as Superintendent of SAU 16. Kathleen Lynch is also working with the Exeter elementary principals in certain areas.

The SAU Joint School Board is studying the various options with regard to the overcrowding problem at EAJHS. The Joint Board will be receiving the final report from its consulting firm in mid-February. The Board will also begin a study of the near future overcrowding at EAHS. In 1998, the EAJHS enrollment is projected to be 1,041 and the EAHS enrollment is projected to be 1,304.

In 1998, the projected enrollment of the entire SAU is projected to be 5,023. These enrollments exceed the current functional capacities of our schools, and solutions are needed to accommodate our students. This issue is certainly the one dominant issue each of our communities faces during the last half of this decade.

In Stratham Memorial School, the school district has invested in new technology and has appointed a Technology Coordinator.

Other districts in our SAU are studying the implementation of Kindergarten programs, and in Newfields a building project is being considered to serve the growing elementary school population.

The SAU continues to function with a reduced administrative staff since the resignation in 1993 of an assistant superintendent.

Principal

Robert J. Sinibaldi, Ed. D.
Assistant Principal

Carmen L. Young, M. Ed.
Special Education Director

A number of new staff joined Stratham Memorial School for the 1994-1995 school year: Cathy Warner, Kindergarten; Diane Atherton and Jennifer Rief, Grade 1; Lisa Brown, Grade 2; Brian Beakey and Charlene Jerard, Grade 3; Deb Greenberg, Grade 5; and Mary Ann Hazeltine, Grade 6.

Due to passage of last year's warrant articles, technology coordinator, Felicia Donovan, was hired and the computer lab was outfitted with new computers and software. Technology is being integrated into the curriculum at Stratham Memorial School, as students and staff are becoming more proficient and acquiring computer skills. A recent donation by Cabletron to network the school was accepted by the School Board. This will facilitate communication between and among classes and the lab. This will also facilitate record-keeping, sharing and access of information.

For the second year in a row, Stratham Memorial School has been recognized as a Blue Ribbon School with the New Hampshire Partners in Education. The Parent Volunteer Organization puts in many hours to help make Stratham Memorial School a success. We thank all the volunteers for their donated time, in and out of school. Special thanks to Joan Gough and Paula Krolikoski for their efforts in organizing the volunteers and keeping track of the hours.

An Academic Celebration, organized by Stratham 2000, was held in January. It was based on the Granite State Challenge and was sponsored by Water Country and Continental Cablevision. Students in grades 5 and 6 participated, grouped in teams of 4. All students were recognized for their participation, as this involved much effort and studying. Congratulations to all participants.

1993-1994 was the first year the state mandated 3rd grade assessment was administered. A presentation was made to parents and Board members in November, which described the test, gave examples and explained the results. This assessment will be administered on a yearly basis to third graders.

Education is taken very seriously at Stratham Memorial School. A presentation entitled "Quality Education" was made to Board Members, parents and community members by staff at Stratham Memorial School. The presentation outlined how students are taught at Stratham Memorial, offered examples and the opportunity to ask questions.

Through the efforts of music teacher Melody Phinney, Artist in Residence, Marianne Taylor, spent time at Stratham Memorial School this year. The theme was "A Time to Dance", and the focus was on countries that tie into the social studies curriculum. A culminating activity was held February 9, where students were able to demonstrate what they had learned.

Respectfully submitted,

Gail Hiltz
Principal

Stratham Memorial School
Special Education Report
February 5, 1995

Special Education services for the Stratham School District are provided according to The Individuals with Disabilities Education Act (IDEA) which mandates free, appropriate education for students with disabilities. The law entitles students to receive an evaluation to determine their eligibility for special education and related services. An Individualized Educational Plan (IEP) is written by a team for each student and placement in the least restrictive environment is determined for each student. These services are provided by a team of certified professionals and qualified examiners who make up the Special Education/ Evaluation Placement Team. Stratham is required to provide these services for children from the ages of 3 to 21.

The Preschool program is based on a regular preschool model and provides education and related services to children with more intensive theraputic needs. A child may be placed at a private preschool or childcare center in the area if recommended by the team. Preschool services are efficiently managed at Stratham by maximizing staff time, allowing for smooth transitions to Kindergarten, and coordinating services with the rest of the school population. We will be transitioning approximately 10 students from Preschool to Kindergarten in the 1995-96 school year. Two of these children are considered to have significant disabilities and will require extensive support services from special education teachers, therapists and aides as well as training of staff. We are anticipating 11 students in the three and four year old program and will continue to offer a preschool program to members of the community on a tuition basis. Childfind activities for children from 0-5 are coordinated through the preschool program.

We must consider the extent of the child's participation in the regular environment each time a decision is made for placement. We strive to include children with disabilities in the regular school setting. At the present time all elementary students are physically integrated at the school. Student supports and modifications are included according to the IEP. The supports may include an aide or special education staff member or interpretor provided in the classroom setting. If the student needs to leave the classroom for particular instruction or services this is done through the Resource Program or via therapy services.

We anticipate 84 students in the elementary program (K-6) based on current numbers and referral rates. Students who are referred are not always found eilgible for services. Students must be re-evaluated every three years and some children are discharged.

Services are sought outside the school district if they are recommended by the team or if the services are not avaliable at the school district level. For some students, services are provided in a special school or program. The district utilizes the SAU services of a Home School Coordinator when this occurs so that there is someone monitoring these programs.

We have been challenged in the past three years to provide services to 8 children with severe disabilities. This year, all Stratham elementary aged students attend school here. In order to continue to include students, effective practices have been reviewed and in some cases call for a continuum of special education services and placement settings designed to meet the indivudual needs of each child with a disability; preservice and inservice training for staff, stronger collaboration between regular and special education teachers. Teachers who have received training to include students with disabilities in their classrooms, incorporate strategies into teaching all students.

Students with Learning Disabilities comprise the largest single disability area on the caseload. Students who have received services as a result of identification at an early age, often require less intensive services in the upper grades or may be discharged.

We continue to monitor the students at the secondary level. There are 51 students receiving services from grades 7-12. Currently, 10 students are on Childfind status and are identified but are not receiving district services. Transition activities are coordinated between Stratham and the Exeter Junior High staff and parents. Some students need support services of an aide, reader for SAT's and extended year services. Transition planning acrivities are now required of all IEP's for secondary students from school to post secondary settings.

STRATHAM SCHOOL ANNUAL DISTRICT MEETING

March 4, 1994

The Meeting was called to order by the Moderator, Douglas Scamman, at 7:08 P.M. The moderator asked Stephen Woods to give the invocation. The Moderator then asked that we all stand for the pledge of Allegiance to the Flag which was lead by Brownie Troop 2244.

The Moderator asked that any non-registered voters take seats on the left section of the gym as an effort to delineate between voters and non voters.

The Moderator was asked about using ballot voting as a more accurate means to track voters. The Moderator explained that a request could be made from the floor, otherwise; it was at the Moderator's discretion to use ballot voting. He further added as long as there were people who wanted to debate, the motion would not be tabled.

I. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen and pass any vote relating thereto.

The Moderator recognized Mr. Gronbeck who stated that there were two reports to be heard. He yield to Jeff Hebert of the Financial Advisory Committee. Mr. Hebert reported there were nine members on the committee. Their role was to provide advice for the school board. One of the accomplishments was to refinance the School bonds saving $14,000 a year for the next eleven years. He thanked his committee and asked for volunteers. The Moderator will be making appointments for next year.

Stratham 2000 Committee report was presented by Aidan Barry. He reported that the function of the committee was to analysis information on school and student population. Based on the results the committee would make recommendations to the School Board.

The Moderator recognized Lauren Shur who asked a question about the CAT Scores. Mr. Barry didn't have an answer.

The Moderator recognized Barbara Loh and Paul Wolf, co-chairs of the Technology Committee. They stated that their mission was to evaluate the computer technology at the school.

Paul Wolf talked about the software recommendations for a computer lab and the cost of this set up. He refers to Article IV figuring the tax impact to be 16.5¢ on the rate.

The Moderator recognized Jonathan Morse who asked the specifications of each work station.

Mr. Wolf answered that they would be 486SX computers and named additional details of the equipment.

The Moderator recognized Jeff Hebert who asked about grant money.

Mrs. Loh said that they had looked into corporate partnership and grants. It is to be had but there has to be a commitment from the community before additional funding could be sought.

The Moderator recognized Al Oliveira. Mr. Oliveira asked if they were purchasing CD ROMS.

Mr. Wolf said that they were being considered but would be an additional cost to upgrade to CD ROMS.

The Moderator recognized Lee Ribblett, who asked about integrations.

Mr. Wolf replied this was an example not necessarily what would be purchased.

The Moderator recognized Steve Woods who asked about a survey of what children have at home and could it be coordinated with home usage.

Mrs. Loh said that there had not been any survey.

Mr. Woods follow up question was about homework usage.

Mr. Wolf said that there would be possibilities of dialing in to school system.

The Moderator recognized Bob Mitchell who asked about having both formats available.

Mr. Wolf said yes. At this time this is just a starting point.

II. To see if the District will vote to accept the provisions of RSA 198:20-b providing that any school district at an Annual Meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the School Board to apply for, accept and expend, without further action by the School District, money, from a state, federal or other governmental unit or a private source, that becomes available during the fiscal year.

It was moved by Ed Gronbeck and seconded by Sue Canada.

The Moderator recognized Mr. Gronbeck who explained that this was put in every couple of years to allow the Board to accept any money that comes from a source other than the taxpayers.

It was passed by a voice vote.

III. To see if the District will vote to raise and appropriate the sum of thirty-five thousand dollars ($35,000.00) for the purpose of covering the salary for a Technology Instructor/Coordinator for Stratham Memorial School. (The Board support this Article.)

It was moved by Ed Gronbeck and seconded by Susan Canada.

The Moderator recognized Ed Gronbeck who spoke in favor of this because there is a need to organize the computer lab. None of the software or machines has been inventoried. We would also be in a position to be able to have licensing to make copies. This person would assist the staff and students in training.

The Moderator recognized Lauren Shur. Mrs. Shur made a motion to go to Article VII for voting first and then come back to this article. It was seconded.

Paul Anthony asked that we separate the voters again since more people have come in.

The Moderator recognized Janet Prior who stated that Article III was originally part of the budget then it was decided to separate it out as an article.

Motion was defeated by a voice vote.

The Moderator recognized Paul Anthony who said that the committee was doing too much in a short time. He read from a report on computers that gave the indication that computers were only games and felt that they were more effective in a classroom not a separate lab. It had been stated that this will really cost $2,000,000.

Mrs. Canada stated that there was $15,000 in last years budget to do the study.

Mr. Wolf said that the $2,000,000 figure was not true and games is not an accurate word. He believes growth of six months instruction was 2 years 4 months.

The Moderator recognized Jeff Gallagher who spoke in favor of the article.

The Moderator recognized Lee Ribbett who stated that he was on the committee and was in favor of this. It was part of the school.

The Moderator recognized Nick Voulangas who described software as entertainment and believed it is a detriment to education which he read from a magazine article.

The Moderator recognized Lorraine Merrill who said that she was in favor of technology and believed that more needed to be done. She believed that the computer should be in the classroom for more integration or it would be a waste of money.

The Moderator recognized Marcy Alstott who was a volunteer in school. She works with four at a time. Spoke in favor of article. It was a small investment to use what we already have.

Mrs. Loh stated that the $2,000,000 was for an ideal world for the entire district. We are not considering that.

The Moderator recognized Gil Gelineau who asked about preparing to deal with only one of the two articles passing.

Mr. Gronbeck stated there is a need for a technician now. Money would be rethought on outfitting the lab. Board would determine this.

Al Oliviera spoke in favor of article. He lived in Chicago three years ago where his children were using computers in school. His children were wondering why they did not have them here.

The Moderator recognized David Canada who asked if there was a program at the Junior High to receive our children with more technology used in Stratham. Also there was a librarian hired three years ago to be a media specialist.

Mrs. Canada responded that Exeter also has a committee looking into upgrading. The librarian was hired when there were less children. The Librarian spends 95% of her time teaching library skills and would have no time to devote to computers.

The Moderator recognized Jerry Routon, Peninsula Drive who spoke in favor of the article.

The moderator recognized Judy Rivais spoke in favor of the article.

The Moderator recognized Paul Anthony who asked the difference between laser, disk & CD ROM?

Mr. Wolf answered his question.

Mr. Sapienza moved the question and it was seconded.

It was passed by a voice vote.

IV. By Petition of 136 Residence to see if the District will vote to raise and appropriate the sum of fifty thousand dollars ($50,000.00) for the purpose of upgrading technology (including audio, video and computer) at the Stratham Memorial School, as recommended by the Technology subcommittee of the Stratham School Board Community Advisory Committee. The majority of the funds will be used to purchase computer hardware and software for the existing computer laboratory at the school, in order to bring it up to current technology standards. (The Board supports this Article.)

Paul Wolf moved to revise and change the word purchase to say acquire. It was seconded.

Mr. Wolf explained that this would not limit the decision to just purchasing. It would allow the option to also lease.

A person suggested we consider grant writing before we consider this.

The Chairman stated that there doesn't have to be a separate article to change the wording of an article.

The Moderator recognized Gil Gelineau who asked for clarification on leasing. Would it be $50,000 every year.

Mr. Wolf stated that $50,000 would be spread over four years. He also said that they had looked into grants and there are some opportunities. However, there has to be a commitment from the town first.

The Moderator recognized Mr. Ribblett spoke in favor of this article.

The Moderator recognized Jerry Routon who stated that he could not support it for another year until coordinator was in place.

The Moderator recognized Mr. Woods who asked to amend the article to state that they be in the classroom not in a lab.

Mrs. Loh will support that amendment.

The amended article passed by a voice vote.

The Moderator recognized Paula Krolikoski who stated that the computers we now have will be distributed throughout the school.

The Moderator requested a standing vote since there was a questions on the voice vote.

It was passed by a standing vote, 141-134.

When questioned about the accuracy of registered voters, the Moderator explained the option of a ballot vote. No one requested it.

V. By Petition of Carol Landau and 32 others, to see if the School District will vote to raise and appropriate the sum of thirty-six thousand dollars ($36,000.00) to cover salary and benefits for the employment of an additional teacher at the fourth or fifth grade level. (The Board does not support this Article.)

It was moved by Carol Landau and seconded by Lauren Shur.
Mrs. Landau read reasons for article.

The Moderator recognized Sandra Rowe who explained that she investigated the Oyster River 4/5 Combination classroom and got answers to some of the concerns and that it was working well at that school system.

The Moderator recognized Debbie Woods who took exception to Mrs. Rowe's comments and spoke against the 4/5 combination.

The Moderator recognized Gordon Bailey who stated that he did not have an opinion as to whether it was educationally sound but didn't feel that the amount requested would not be enough to cover the cost.

The Moderator recognized Linda Salmon who spoke in favor of the article.

The Moderator recognized George Cooper who asked if the administration was in favor of this. He asked that they be allowed to do their job in the decision.

The Moderator recognized Sharon Smoyer who had the experience of a combination classroom and regretted it.

The Moderator recognized Jeff Hebert who asked that the school board be allowed to make this decision.

The Moderator recognized Lauren Shur who asked if there will be a full time aid.

Mrs. Canada answered that it was up to the principal as to the assignments of aids.

The Moderator recognized Jeryl Bacon who asked if you polled the parents for this combination classroom.

Mrs. Canada answered that a poll was not conducted and said that they would. She also added that the article covers salary and benefits.

Mr. Gronbeck added if necessary, the School Board can go into deficit spending in order to hire another teacher.

Mrs. Bacon said that they should have asked the parents first and she let it be known that she was in favor of this article.

The Moderator recognized John Muller who said that the 4/5 combination isn't that bad if there is the right selection and the class is small in size. He asked if this article was passed, would the Board be obligated to hire another teacher?

Mrs. Canada said yes.

Mr. Muller asked if there was a way to make it permissive?

The Moderator stated that it is possible to amend the article.

Mr. Muller stated that he would like to do it.

After the Moderator consulted with the Board, he stated that it would be easier to defeat the article and add to the budget.

The Moderator recognized Janet Prior who stated that she had a problem with an article that isn't giving the board flexibility.

The Moderator recognized Carol Pipinias who spoke in favor of the article.

The Moderator recognized David Barr who spoke in support of article, however, he asked that we support the School Board and amend the budget to do it that way.

The question was moved and seconded.

It passed by a head count of 173 to 69.

VI. By Petition of Carol Landau and 28 others, to see if the School District will vote to raise and appropriate the sum of eight thousand two hundred dollars ($8,200) to reinstate the position of part-time (25%) physical education teacher. (The Board does not support this Article.)

It was moved and seconded.

The Moderator recognized Carol Landau who spoke about the reasons for this article.

Mr. Gronbeck stated that to cover everything in the curriculum couldn't offer extra time in gym. He stated that there was not enough time in day for kindergarten and didn't feel we needed to provide this.

The Moderator recognized David Canada who spoke in support of a full time teacher.

It was passed by a voice vote.

VII. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of School District officials and agents, and for the payment of the statutory obligations of the District.

Susan Canada moved to see if the School District would vote to raise and appropriate the sum of $6,766,997.00 for the support of schools, for the payment of salaries of School District officials and agents, and for the payment of the statutory obligations of the District.

Sue went over the line items of the proposed budget.

The Moderator recognized Perry Francis who asked about the food service budget being in there when the children pay for the lunches.

Mrs. Canada explained that the school lunch program is self-supporting, but the money has to be shown in the budget.

The budget passed by a voice vote.

VIII. By Petition of Aidan Barry and 28 others, to see if the District will vote to approve the development of a "Character and Citizen Education Curriculum" to be implemented at the Stratham Memorial School.

It was moved and seconded.

The Moderator recognized Mr. Barry who explained the reason for this article. He stated that this would involve no money and there would not be any cost to implement this program.

There were no questions.

It passed with a voice vote.

IX. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

The Moderator recognized Mr. Gronbeck spoke about Mrs. Canada's six years of service on the school board. He stated that there would be a donation made to the school library in her name.

X. To transact any other business which may legally come before this meeting.

The Moderator spoke about the passing of Dick Wiggin and Don Allen of whom had served four terms and two terms on the school board.

Mr. Gronbeck moved that we close the meeting in memory of Mr. Wiggin and Mr. Allen.

It was seconded.

Meeting adjourned at 11:10.

Respectfully submitted,

Ellen B. Bullard

Ellen B. Bullard, School Board Clerk

STRATHAM SCHOOL SPECIAL DISTRICT MEETING

September 9, 1994

The Meeting was called to order by the Moderator, Douglas Scamman, at 7:05 P.M. The moderator asked Stephen Woods to give the invocation.

The Moderator explained the process of checking off all registered voters before being seated. Voters were issued a card used for recording each roll call vote. He said that this was going to be a ballot vote.

Article I. To see if the District will vote to enter into a collective bargaining agreement with the Stratham Teachers Association (the union representing teachers in the Stratham School District) covering the three (3) year period from September 1, 1994 to August 31, 1997 and approve the cost items included therein containing, in summary: continuation of existing non-salary benefits with the following changes: life insurance increased from $25,000.00 to $50,000.00; long term disability elimination period reduced from 120 days to ninety (90) days; health insurance coverage continues unchanged but, commencing April, 1995, teachers make some contribution (initially approximately 5%) towards premiums; and the following salary increase schedule: first year - no increase in salaries but "step" increases are provided at the same rates as the third year of the 1991-1994 agreement with a twelfth step added; second year - 2.5% increase over the 1994-1995 rates; third year - 3.1% increase over the 1995-1996 rates.

The approximate increase in the cost of teacher salaries because of this agreement and step increases for each of the three (3) years (subject to change resulting from changes in the number of and in the educational degrees and years of experience of teachers employed) over the preceding year will be:

$54,036.00 in the first year;
$68,824.00 in the second year;
$94,096.00 in the third year.

And, further, to raise and appropriate the sum of $54,036.00 for the 1994-1995 year, such sum representing the additional costs attributable to the increase in salaries and salary related benefits over those appropriated at the 1994 annual meeting.

After the Moderator read the article, it was moved by Gordon Bailey and seconded by Lucy Smith.

The Moderator recognized Lucy Smith who introduced the School Board. Mrs. Smith then explained the negotiation process the Board had with the school teachers. When there wasn't an agreement pending, it was decided to go to fact finding.

A day later the teachers asked again to try to come to an agreement. The Board met with three teachers and were able to come to an agreement during the summer. The Board feels that it is a good agreement, however, neither side got everything.

The moderator recognized David Canada who asked about the deductible.

Lucy said the insurance had $100 deductible and that it was and 80/20 copayment plan.

The Moderator recognized Paula Krolikoski. Mrs. Krolikoski asked if we were voting for all three yeas at this time?

The Moderator explained that it was a three-year contract and that by voting in favor of it at this time, would obligate the Board to accept the three year terms.

The Moderator recognized Marty Wool. Mr. Wool explained that he was reluctant to oppose the contract. However, he had done some research of his own and compared to other school districts, he felt that the Board should go back and negotiate more on the medical benefits. He found that other towns had 10% of the cost paid by the teachers.

The Moderator recognized Mrs. Krolikoski who asked if it was a coincident that the assessments were mailed out just ahead of the meeting.

Mrs. Smith said she didn't believe anyone was trying to be sneaky. She added that we should not skimp on the salaries, and the Board tried to get more on the medical. Mrs. Smith believes it was a beginning and also reminded everyone that there was a change in the health program three years ago. She asked that we support the article tonight, and they would continue to work on the medical for future negotiation.

The Moderator recognized Steve Woods. He asked to poll each member individually on the article. All members supported the article.

Mr. Bailey said that the medical coverage was the same as Hampton School District which he added was a comparable district to ours. He believes if we don't settle now,there will be no medical contribution.

Mr. Gronbeck stated that he believed it was a good contract.

The Moderator recognized Mrs. Krolikoski who asked what we have to give the teachers to get them to agree to a 5% medical contribution.

Mrs. Smith stated that this 5% contribution will be on the cost of insurance now, however, their contribution will not start until April, 1995 when the medical insurance is renewed.

Mr. Bailey answered that there were several areas negotiated with teachers - pay raises, decrease in waiting on disability etc. Each side gave a little.

The Moderator recognized David Canada who asked what fact finding litigation cost and would there be a zero cost increase?

Mr. Bailey's answered probably not.

Mr. Gronbeck said the Board has spent $2000 to date and felt it would cost another $7000.

The Moderator explained the ballot process and the order of voting. He called the question and explained the voting procedure.

The polls opened at 7:40 and closed at 7:50.

Of the 98 votes cast, 66 were yes and 32 were no. The Article passed.

Lucy Smith thanked the voters. She introduced the Principal, Gail Hiltz. Mrs. Hiltz stated there were 706 students including preschoolers enrolled at the school and 40 students in the summer.

Mrs. Smith stated she was on the committee interviewing for the high school principal and asked for input from the parents. They would start interviewing the second week in October.

The Moderator announced that the Budget Advisory Committee was forming and needed to appoint members. Anyone interested was to see him.

The Moderator asked if there was any new business. It was moved to adjourn by Douglas Scamman, Sr. and seconded.

Meeting adjourned at 8:05.

Respectfully submitted,

Ellen B. Bullard

Ellen B. Bullard, School Board Clerk
